 Release No. T-1293--Release date, Dec. 19, 1920
 ✓ "THE SNOW BOUND PYRENEES" ✓

The Paramount-Burton Holmes Travel Release for Dec. 19th will be "The Snow Bound Pyrenees." Where are the Pyrenees and what do they look like? All that will be answered for those who travel with Mr. Holmes along the southern edge of France where the Pyrenees stretch from sea to sea, raising their glittering towers of rock more than 10,000 feet into the sky, their slopes decorated with lovely cascades. Mr. Holmes has many amusing fellow-travelers on his journey of picture-taking; donkeys, girls, guides and natives of little towns through which you and he are to pass. Wonderful roads, lofty peaks, icy rivers, or inspiring crags, soft and lovely nocks in the valleys -- all of these lead you on, up into the fastnesses of this almost impenetrable barrier between France and Spain, where you rest after your climb, to watch the setting of the sun and the marvelous effects of approaching night, as pictured by Burton Holmes.
